✉ Flap envelope: dots

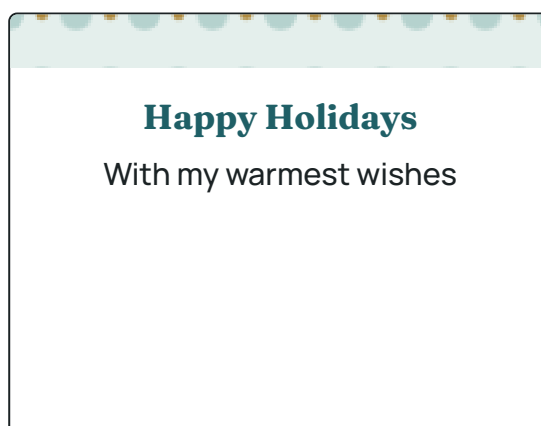

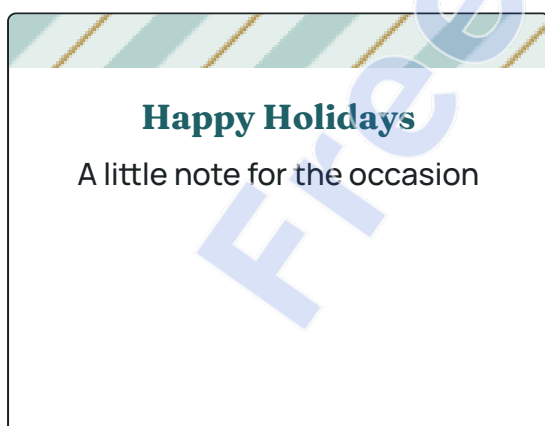

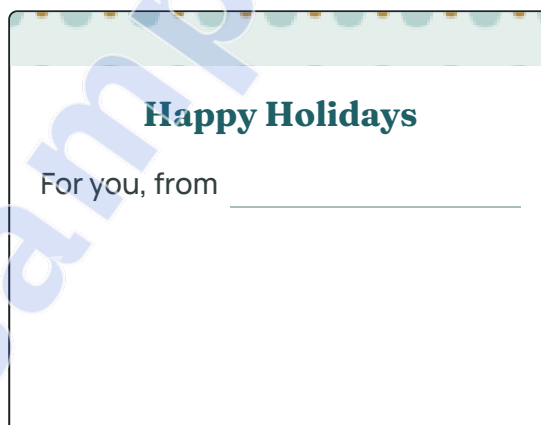

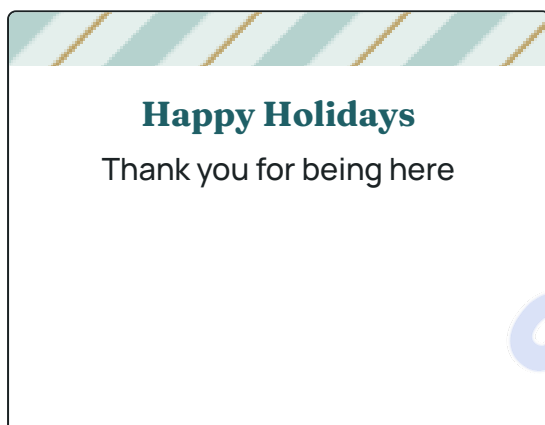

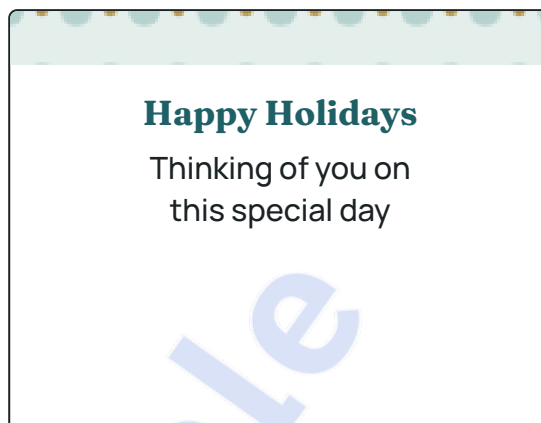

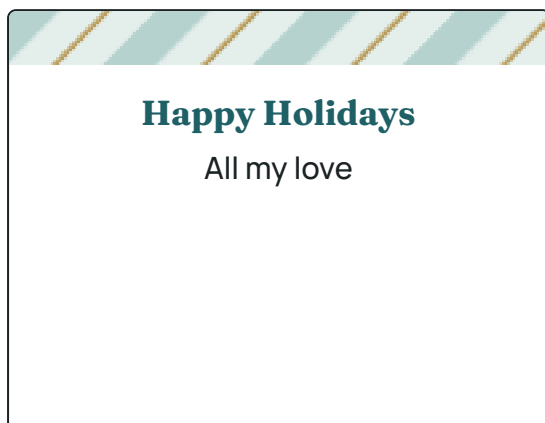

Print on plain paper and cut along the solid lines. Crease the folds, then turn the sheet printed side down on the table: the decoration will stay on the outside.

 Slip-in cards (1)

Cards to slip into the envelope and labels for names. Each card carries the greeting for one occasion at the top. No amount is printed: the sum is entirely your choice.

Cut out the card, write a name or a few words, and slip it into the envelope. These cards carry the greeting for the first occasion.

 Name labels

Cut out the labels, write a name, and stick or slip one onto the envelope.
